

CARITAS – ROOTED IN LOVE

SUMMER TERM 2 JUNE 2026

PRINCIPLE 6 : HUMAN DIGNITY

These are some of the ways in which we have highlighted the importance of Human Dignity.

We have really enjoyed our introduction to Forest Schools.

Forest Schools is about so much more than being outdoors. Every student is encouraged to take on new challenges, make their own choices and learn at their own pace, helping them to grow in confidence and independence. Through activities such as building shelters and relaxing in hammocks, we celebrate **Human Dignity** by valuing every individual, respecting differences and ensuring everyone feels included, capable and proud of what they achieve.
